Part I – The Originals

I. Logica del Mundo – Is Sex the Basic Question of The Whole Abstraction called Feminism and Male Happiness?

In the process of developing a capitalism which is based on Elle Magazine even Vogue Magazine which then curates in happiness the women's lives in the Delhi Fundacion Izquierda which spreads into Communist mass lines and even CIA daily following with FBI and LAPD and laws around the world which protect women- the simple answer to the deadlocks of the modern political process with its economic crises and political fascisms then is the simple question – is sex a deadlock in contemporary culture and mass culture – which then goes back to Freudian origins that in fact sex is an act of redeeming abstraction – that Jewish curiosity called abstraction with sex is like this.

II. Prophetic Acts and Economics – the Other side of Sexual Difference – a Sexual Economics with Hegeliesia and Thatcher in England

So in fact 400 billion transacted per day, which then has virtual ideas which it keeps planning with the Pope and Sirohi combine of in fact 10 trillion worth ideas which are meant to be Universal for even blackness in America – which is the simple idea of a feminine chore called listing in housing.

III. Current Rates and Financial Planning in EU and America

And so of course Stieglitz is pacing the economics with in fact financial planning in each corporate or company capital developing its of take on the whole miracle called 8 per cent growth in India for the century which over-rides the economic pace as high development and even people's praxis in Communist politics developing.

"Perhaps the most Utopian idea of a world in today's prudential economics in EU – that women are travelling to European philosophy housing while in fact German Idealism of a Jewish Wolfgang Shcrimacher is being curated as law for us in the world. I call this Communist parallax with liberalism and capital-parliamentarism. The compromise with the participation of the people and the comeback of feminism from a long failure in the 20th century. I call this Prophet Trotsky happy with Prophet Sirohi."
